

VISI SR-A595

Visi provides a low glare "semi trimless" look. Once recessed into the ceiling the Visi blends in effortlessly with its narrow trim and provides an anti-glare comfort light. However, trim size is no reflection on performance and Visi provides a full range of illumination level in both fixed and adjustable design.

Energy efficiency is key and Visi series are at the top of the performance scale, ensuring significant energy savings over alternative solutions. CCT colours, high performance micro reflectors, and dimming options available on request.

Available as a recessed spot or downlight.

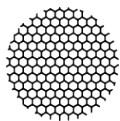

Model	Source Power (W)	System Power (W)	Source Lumen (Lm) (CRI>80, 3000K)	System Lumen (Lm) / Beam Angle (CRI>80, 3000K)			
				Very Narrow (<10°)	Narrow (10°-24°)	Medium (25°-44°)	Wide (45°-90°)
