

## Joy

GDN05111 - 2,2 W / 3000 K / CRI >80

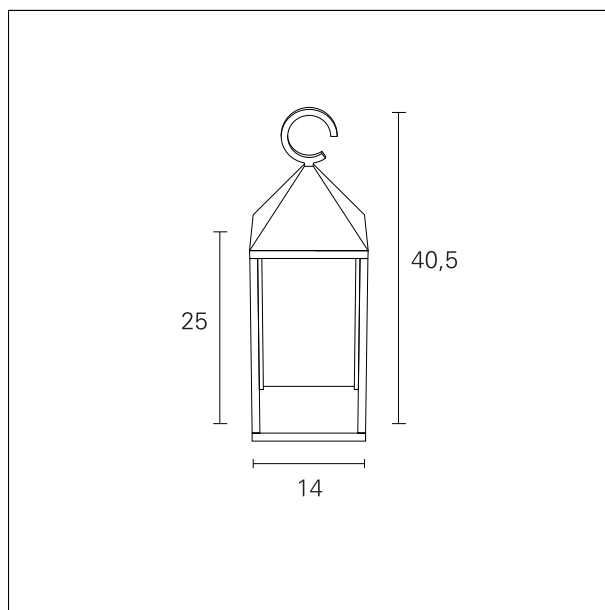

### DESCRIPTION

Joy is a portable, rechargeable and cordless table lamp. It recharges with a supplied USB cable and has a maximum autonomy of about 9 hours. It is equipped with a soft touch button located on the body of the appliance for switching on and off. Joy can also be placed on the table outdoors, or it can be hung using its open hook, integrated in the body of the lamp. Joy's light is extremely comfortable because the 3000K SMD Led source is always completely hidden from view and protected by an opal screen that pleasantly diffuses the light. Joy is particularly resistant; it is made of die-cast aluminum and weighs 1.3 kg
