

FALCON STREETLIGHT

Designed for roadway and parking lot areas, the Falcon is a sleek low-profile streetlight perfect for replacing traditional street and area lighting. Its durable and streamlined cooling fins accelerate airflow to enhance heat dissipation performance. With an adjustable installation angle, this streetlight ensures versatility for multiple applications. Available in two sizes with various wattages and optics, the Falcon series is an excellent choice for your design needs.

Applications: traffic roads, security lighting, highways, residential areas, parking lots, plazas, industrial and more.
