

SURFACE PROFILE (FLS-2216-SM0809)

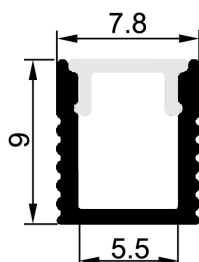

With its aluminum finish, this surface low profile is an ideal choice to protect LED strip lighting and perform as a heat sink to maintain longevity of the fitting. It offers several configurations with different LED strips and is available with a PMMA opal or black diffuser cover. This profile is suitable for a variety of applications such as shelving, accent lighting, joineries, furnitures and under cabinets.

End cap

Mounting clip
