

## HEMER DR-A289

The Hemer is a modern and compact downlight ideal for commercial applications. Offering flexibility through its range of sizes and power wattages, the Hemer series is a great choice to ensure your lighting layout will look its best. Available reflector colours are white, black, silver, golden and specular chrome.

Energy efficiency is a key component of our product focus and the Hemer downlight series will ensure significant energy savings over traditional solutions.

The Hemer is also available with a cyanosis COI option ideal for healthcare and medical facilities.
