

VISI DR-A578

Visi is an everyday downlight made for professional applications. Once recessed into the ceiling the Visi blends in effortlessly with its narrow trim and provides an anti-glare comfort light. However, trim size is no reflection on performance and Visi provides a full range of illumination levels in both fixed and adjustable design.

Energy efficiency is key and the Visi series are at the top of the performance scale, ensuring significant energy savings over alternative solutions. CCT colours, a honeycomb louvre and dimming options are available on request.
